RE: Helping Hoosiers Heroes Foundation - Workforce & Accessibility Pathways Initiative

Dear Program Office:

Meridian Health Services recognizes Helping Hoosiers Heroes Foundation's commitment to connecting veterans and first responders with coordinated community resources, supportive services, education, and workforce opportunities. HHHF's relationship-based approach can help reduce barriers that often prevent individuals from successfully navigating multiple service systems.

We support HHHF's effort to secure philanthropic funding for the Workforce & Accessibility Pathways Initiative. The initiative offers a promising framework for connecting eligible veterans in Northwest Indiana with accessibility supports, training opportunities, and pathways toward employment. This letter does not represent a commitment of Meridian funding or duties beyond any separately approved agreement.

Sincerely,

A handwritten signature in dark ink, appearing to read "Devin Parsons", is written over a horizontal line.

Devin Parsons,

Operations Coordinator
